

Vs Jets

First play of game, several quick strike options available, Beasley for 8

Second play of game, hit Brown in stride. Tight window, excellent timing. 13 yards

Third play of game, good timing on strike to Brown for 9

Not really cover 1, DiMarco out wide, nobody covering. Allen takes the easy chunk of yards (4)

Quick strike to Beasley for 10, Jets had decent rush

Jets switch to Cover 2 shell, get better pressure. Thrown away pass then lost fumble on next play.

ID'd quick strike to Beasley. Ball tipped for pick six. Good decision and read by Allen. Less than perfect delivery and some bad luck.

Ball to DiMarco for 5, good result to beat possible quick pressure. Had Beasley on same side of field at same time with room for YAC. Throw suggests Allen decided very early

Looked kinda like Cover 1, DB bailed back into 2. Quick pressure forced scramble (4)

Fast pressure led to scramble. Allen had options but little time to deliver

Had a bit more time. Found Brown for 10 moving across field. Good ball placement.

Looks like Allen scanned field to right side briefly then knew where to find Beasley underneath for 6

Went for kill shot TD. Good anticipation. Throw arguably alright spot (maybe a bit overthrown). Poor tracking may have killed it. Good decision regardless and alright throw as little risk, high reward.

First run play against Cover 1 last play of Q1. As expected, crowded line leads to poor result (1 yard).

Quick strike to Knox for 1 yard. Good throw, DB sniffed play out at throw

Quick throw to Singletary. Not a great throw, incomplete. Maybe not enough room to run to get the 8 yards needed.

Another 1 yard run vs. Cover 1

Pass rush nearly hit home. Allen found Beasley for 8

Great play design to set up Beasley running right with space. Allen found him fast, good throw for 8

Quick pass rush forces Allen out of pocket. Found Singletary for short gain but incomplete. Pass a bit behind. Catchable.

Started in cover 1 look. Turned into cover 2. Allen dropped a nice pass in to Sweeney for 29 yards

Had Beasley open with room for YAC. Good decision, good timing. Tipped pass

Immediate dump off to Singletary for 4 yards

John Brown long pass (GIF) excellent timing and good play call

Pressure got through, overthrow to Brown

Had easy pitch and catch right side for about 7 yards. Tipped ball, intercepted. Good read of D, good idea, but result

Started as Cover 1, shifted to cover 2 late. Near pick. Throw into triple coverage

Struggling vs. Cover 2

Started using runs to edge to beat Cover 1 in second half

Titans

Q1 and Q3

John Brown found soft spot for big gain of 19. Nice throw by Allen

Made very quick decision. Short right to Duke for 4. Maybe better play if allowed to develop (didn't have a whole lot longer but did have some time)

Run for loss of 1

Cover 2 snap led to sack. Drive ended

Quick strike to Brown for 11

Titans starting to give a small cushion. Allen left to Brown for 10

Cover 2 blitz – sack

Safety valve throw to Gore for 6

Swing pass to Yeldon for 8

Allen converts 4<sup>th</sup> and 1 (not a cover 1)

Designed rollout with Sweeney who drops easy catch

Plenty of time in pocket. Coverage held up and Allen holds ball for eternity. Throwaway

1 yard run

Cover 2 sack ends drive

Beasley for 7. Nice timing on play with unconventional route.

Cover 1 swapped to 2 last second Knox over middle for 7

Looked like pass going to Knox the entire time. Tight coverage made for a tough catch which was not caught

Baltimore

Qs 2 and 4

6 yard run to right

Continued chipping with run game

9 yard run

6 yards to Beasley for the first

Deep shot right. Underthrow but likely catchable

Good pressure and coverage. Perfect throw to Knox for 37

Long stretch without using cover 1, came back to it finally, Allen found Singletary on a dump off that gained 13

Bills only send three receivers out. Pressure hits home and sack well before anyone came free

Overall, Baltimore liked Cover 2 and Cover 0 more than Cover 1. Very aggressive defense
