

## Jackson's Stats

Tue 11/30/2010 11:22 AM

In response to the recent criticism of Team Jackson fighters lacking finishing skills or exciting fights, we offer the following statistics covering some of our higher profile fighters. Keep in mind that these are UFC and (former) WEC affiliated fighters. While we have other fighters doing well in other organizations, we recognize the UFC as the premier mixed martial arts show in the world. We appreciate this is largely driven by the loyal fans and followers of the organization and the sport as a whole. With this in mind, we ask you to further educate yourselves with these recent statistics to better understand the sport that we all love. We are proud of our team and our coaches and continuously strive in training and performance to represent Jackson's Mixed Martial Arts as the premier fighting system in the world.
